Ants

The ants all live together in a colony.
 The ants all live together in a colony.
 The ants all live together,
 The workers, soldiers, and queen.
 And they all do their jobs because
 They are a team.

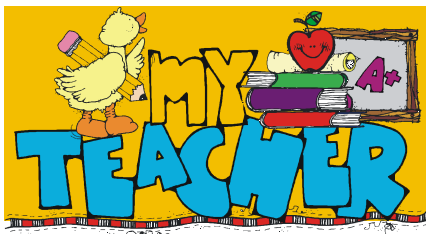

The Ant, the Bug and the Bee

The ant, the bug and the bee
 Are not like you and me.
 They walk on the wall, but they never fall
 the ant, the bug and the bee.
 Six little legs walk up
 Six little legs walk down
 Six little legs get tucked in when they fly
 around.

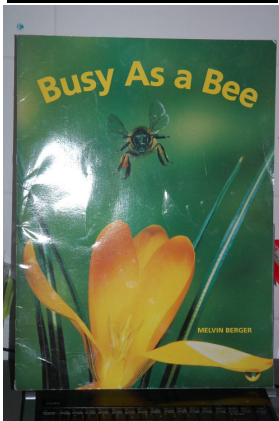

Hi Parents!

We are very excited about the bug show on Thursday! Please arrive in time to park and walk to the Lake Front room. The Bug Show will begin at 11:30. A picnic lunch will follow so be sure to pack a lunch for you and your child. You may take your child home following the show, just be sure to sign out with me.

Have a wonderful week. ☺ Mrs. Greening
